Paid Internship Opportunities

The Southern Tioga School District is offering multiple opportunities for paid internships.

Southern Tioga is comprised of two junior/high schools (grades 7-12) and three elementary schools (grades K-6). Internship opportunities will provide experience in assessment, the multi-disciplinary process, intervention (academic, behavioral, emotional, and social), IEP writing, data collection and analysis through MTSS processes, assistive technology, counseling, and continued professional development through formal trainings and weekly psychologist meetings.

Our district is located on the major Route 15 corridor in northcentral Pennsylvania. Our boundaries encompass 485 square miles in southeastern Tioga and northeastern Lycoming Counties. The major population communities within our district include Blossburg, which provides the largest source of employment for district residents through Ward Manufacturing, Inc.; Liberty, with its majestic mountains and rural farmlands; and Mansfield, home of Mansfield University. Southern Tioga and its surrounding areas provide ample opportunity for the outdoor enthusiast including hiking, biking (road, path, or mountain single track), rock climbing, camping, rafting, kayaking, fishing, and hunting. Movie theaters are located in Blossburg and nearby Wellsboro. The Mansfield YMCA provides many community activities including sports, fitness, martial arts, cycling classes, yoga, and Zumba to name but a few. The Deane Center is located in Wellsboro and hosts regular live music or theater events.

Professional services and human services are readily available in our immediate area; higher education needs are met through Mansfield University and Pennsylvania College of Technology. Beyond the many services of our own communities, our proximity to the metropolitan areas of Corning and Elmira, New York and Williamsport, Pennsylvania make Southern Tioga School District an ideal location in which to live.

Doctoral Supervision is available through BLaST Intermediate Unit 17.
