

MINOR FIELD: COMMUNICATION TECHNOLOGY

DEPARTMENT: Mathematics—Computing Sciences—Physics

TOTAL NUMBER OF CREDITS: 18 credits

RATIONALE: A minor in **Communication Technology** is designed to teach the use and application of technology tools in order to enhance and extend communication. This minor is meant to complement disciplines in which technology is used as a vehicle for global communication. Therefore, this area of study is ideally suited for students of the humanities, social sciences, communications, marketing, and public relations.

REQUIREMENTS: **12 credits**

CIS 105	3D Computing	(3 credits)
INFO 120	Web Design Fundamentals	(3 credits)
INFO 214	Multimedia: Concepts & Design	(3 credits)
INFO 215	Social Computing	(3 credits)

ELECTIVES: Choose a total of **6 credits** from the following:

INFO 110	Introduction to Information Technology	(3 credits)
INFO 230	Web Design	(3 credits)
CIS 335	Technology, Social, & Ethical Issues	(3 credits)
INFO 401	Emerging Technologies	(1 – 3 credits)
