## **DRUG-FREE SCHOOLS AND COMMUNITIES ACT (DFSCA) POLICY**

Immaculata University is in compliance with the DFSCA which requires colleges and universities to implement a drug and alcohol abuse prevention program (DAAPP) and to adopt and enforce policies that include sanctions for illegal alcohol and other drug use. The drug and alcohol abuse prevention program includes orientation sessions for new students, alcohol awareness events, reduced alcohol availability and consistent enforcement activities.

Immaculata University maintains a written policy that sets forth standards of conduct clearly prohibiting the unlawful possession, use, or distribution of alcohol or illicit drugs on school property or as part of any school activity. This policy clearly states that sanctions apply to student acts committed under the influence, such as public disturbances, endangerment to self or others, or property damage.

It is the intent of this document:

1. To communicate the concern for the health and safety of students and employees in the Immaculata community; and
2. To educate the Immaculata University community regarding drug and alcohol policies and resources; and
3. To comply with the Drug-Free Workplace Act of 1988, the Drug-Free Schools and Communities Act Amendments of 1989, and all other pertinent federal, state, and local regulations regarding substance abuse on campus.

In order to comply with the law, the Drug and Alcohol Abuse Educational Notification must, at a minimum, include the following:

(a) The annual distribution in writing to each employee, and to each student who is taking one or more classes for any type of academic credit except for continuing education units, regardless of the length of the student's program of study:

1. Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of controlled substances and alcohol by students and employees on its property or as part of any of its activities;
2. A description of the applicable legal sanctions under local, State, or Federal law for the unlawful possession or distribution of controlled substances and alcohol;
3. A description of the health risks associated with the use of illicit drugs and the abuse of alcohol;
4. A description of any drug or alcohol counseling, treatment, or rehabilitation or re-entry programs that is available to employees or students;
5. A clear statement that the Institution of Higher Education will impose disciplinary sanctions on students and employees (consistent with local, State and Federal law), and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct required by paragraph (a)(1) of this section. For the purpose of this section, a

disciplinary sanction may include the completion of an appropriate rehabilitation program.

(b) A biennial review of the program to

1. Determine its effectiveness and implement changes to the program if they are needed; and
2. Ensure that the disciplinary sanctions described in paragraph (a) (5) of this section are consistently enforced.

## **DEFINITIONS**

Employee means any faculty, staff, or student receiving a salary, wages, other compensation and/or stipend support from Immaculata University.

Student means anyone taking one or more classes for any type of academic credit except for continuing education units, regardless of the length of the student's program of study.

## **LEGAL SANCTIONS**

Immaculata University adheres to the laws and the regulations that the state has mandated through the Pennsylvania Crimes Code and Act 31 (enacted March, 1988). The University does not condone the misuse of alcoholic beverages. Any person violating the specific offenses outlined in the Pennsylvania Crimes Code is subject to external prosecution through the state and local police, as well as internal disciplinary actions.

Illegal possession, manufacture, distribution, or use of drugs or narcotics by students constitutes unacceptable conduct and such students are subject to disciplinary measures, up to and including expulsion by the University.

It is the policy of Immaculata University to maintain a drug-free workplace. Illegal possession, use, manufacture, or distribution of drugs or narcotics by employees (while engaged in employment activities or activities related to a federal grant, regardless of the location of these activities) constitutes unacceptable conduct by such employees and makes such employees subject to disciplinary procedures of the University ranging from a reprimand through termination of employment, according to procedures set out in the employee handbook for administrative employees, and faculty.

Immaculata University seeks to provide students and employees with general information on applicable laws. Although every effort has been made to provide accurate information at the time of printing, this information can at any time be superseded by changes in the laws. Each student and employee has the ultimate responsibility to stay informed concerning changes in the law. Those with specific legal questions are encouraged to seek the services of an attorney.

## RELATED POLICIES:

### Alcohol

In compliance with Pennsylvania law, students who are under the legal age of 21 are not permitted to possess, consume, purchase, attempt to purchase, or transport alcohol on or off campus. Students who are the legal age of 21 but reside within the residence halls (DeChantal, Marian, Lourdes, & Villa Maria Halls) are not permitted to possess, consume, or transport alcohol on or off campus. Students who are the legal age of 21 and reside in a University apartment are permitted the following:

1. to possess and consume a moderate amount of alcohol in their University apartment where all other residents who are the legal age of 21 and no one under the age of 21 is present
2. to allow legal-aged guests to consume a moderate amount of alcohol in a University apartment

The legal-aged residents of the apartment are responsible for assuring compliance with all University policies and ensuring that all guests are of legal drinking age. The University will not tolerate abusive or dangerous consumption or any disruptive or disorderly conduct related to the excessive consumption of alcohol either on or off the campus. All residents who live in a University apartment and want to possess alcohol must participate in the alcohol education training program sponsored by the University.

A moderate amount of alcohol is defined and monitored by the University. The maximum amount of alcohol in a University apartment at one time can be no more than 2 total units of the following combination:

- a. 2 bottles of wine (750-mL)
- b. 1 bottle hard liquor or natural or distilled spirits with a maximum 80 proof (750-mL)
- c. 12 beers (12-ounce bottles or cans)
- d. 6 or similar alcoholic products, i.e., (hard lemonade, hard ciders) (12-ounce bottles or cans)

(for example, a combination of “a. 2 bottles of wine (750-mL)” and “b. 1 bottle of hard liquor or natural or distilled spirits with a maximum 80 proof (750-mL)” or “c. 12 beers (12-ounce bottles or cans)” and “d. similar alcoholic products, i.e., (hard lemonade, hard ciders) (12-ounce bottles or cans)”

The following are prohibited, regardless of age, and may result in disciplinary action:

1. Visitors are not permitted to bring alcohol into the University apartments
2. Drinking and open containers in any location outside of a University apartment
3. Public intoxication, disorderliness, or offensive behavior resulting from alcohol use
4. Beer kegs, beer balls, or similar types of common source containers equivalent in volume

5. Paraphernalia associated with the rapid ingestion of alcohol and/or drinking games (including but not limited to funnels, beer pong tables, etc.)
6. The presence of any type of grain alcohol or unmarked containers/bottles where the alcohol proof is unknown

All social events to be held in a University apartment serving alcohol must be registered in the Office of Residence Life and Housing; refer to the University Housing Social Event with Alcohol Policy.

The possession, presence and/or consumption of alcohol is not permitted while on University premises and while off campus participating in a University sponsored activity or event, with the exception of a University apartment in which all residents are of the legal age of 21 and those University-sponsored student events at which alcohol is part of the menu provided by dining services, in which case, students who are 21 years of age or older may consume alcohol on campus at such events. The University reserves the right to sanction students of the following applicable provisions:

1. The University reserves the right to sanction the residents of a room or an apartment where a violation occurs regardless if the alcohol containers are empty or full and whether or not the residents are present at the time of the violation.
2. The consumption of alcoholic beverages or possession of alcoholic beverages on University Premises is prohibited with the exception of a University apartment in which all residents are of the legal age of 21. This prohibition includes vehicles parked on University premises.
3. The use or possession of paraphernalia specifically associated with the consumption of alcohol (e.g. funnels, kegs, keg taps, beer balls, and beer pong tables) by students is prohibited on University premises;
4. Driving while under the influence of alcohol is prohibited. Pennsylvania has set .08% Blood Alcohol Content (BAC) as the legal limit for a Driving Under the Influence (DUI) conviction. Students may be convicted of DUI at .05% and above if there is supporting evidence of driving impairment.
5. The prohibitions set forth in this Alcohol Policy also apply to all University sponsored activities or events held at off-campus venues. It is the responsibility of the sponsoring club, organization or department to ensure proper enforcement.
6. Students found in violation of the University alcohol policy must comply with any sanction specified through the disciplinary system as outlined in the student code of conduct.

For purposes of this policy, University premises is defined to include: all buildings within which the University provides educational and related student services and/or conducts its business operations, whether owned, leased, or provided without charge for use, the campus as well as surrounding grounds and parking areas adjacent to these buildings, and vehicles owned or leased by the University.

When a student is found to be in violation of the University alcohol policy, the University reserves the right to notify parents/legal guardian(s) about the disciplinary status consistent with the provisions of the Family Educational Rights and Privacy Act;

Immaculata University supports the Pennsylvania state laws concerning drinking and accepts the responsibility to inform each student of the obligation to obey these laws. The University offers no protection for violators of these laws. Pennsylvania law provides that it is unlawful for anyone under the age of 21 to possess, consume, purchase, attempt to purchase or transport alcoholic beverages. State law further provides that it is unlawful to furnish alcoholic beverages to anyone under the age of 21. Additional state laws pertinent to alcohol related issues include: carrying a false identification card and public drunkenness.

In any case when a student is considered to be a problem drinker, a University representative may suggest the student to seek professional counseling. If the student refuses to seek professional counseling and the student's behavior is considered to be disruptive, the student can be prohibited from University housing and face suspension from the University.

### **Drugs (Controlled Substances)**

The University adheres to the Drug Free Schools and Communities Act (DFSCA). Students should refer to the DFSCA section for specific information regarding University compliance.

Immaculata University recognizes drug abuse not only as a safety and security problem, but as an illness and serious health problem. The University offers a range of resources and services as follows: counseling and support services are available at the counseling center; student education and information are available through the student health services center; and referral to agencies and organizations which offer supportive services is available through the counseling center or student health services center.

The following drug-related offenses are prohibited and may result in disciplinary action:

1. The sale, production, use, possession, and/or distribution of, as well as attempt and conspiracy to sell, produce, and/or distribute illegal or addictive substances while on University premises and/or while off-campus participating in any University sponsored activity or event.
2. Use or possession of illegal or addictive substances. The University reserves the right to sanction all students assigned to the residence hall room or apartment where the violation occurs, as well as those present at the time of the violation.
3. Possession or use of any form of drug paraphernalia on any part of University premises as well as while off-campus participating in any University-sponsored activity or event.
4. The University reserves the right to sanction students in cases where indicia of illegal or addictive substance use are present, but where no illegal or addictive substances are recovered. These indicia may include, but are not limited to: the odor of marijuana or other drugs, the presence of drug paraphernalia, lack of cooperation or attempts to mask odors upon confrontation, deliberate attempts to block airways or other such similar behavior designed to avoid detection.

5. Students found in violation of the University drug policy must comply with any sanction specified through the disciplinary system as outlined in the student code of conduct.

For purposes of this policy, “University Premises” is defined to include: “all buildings within which the University provides educational and related student services and/or conducts its business operations, whether owned, leased, or provided without charge for use, the campus as well as surrounding grounds and parking areas adjacent to these buildings, and vehicles owned or leased by the University”.

When a student is found to be in violation of the University drug policy (illegal or addictive substances), the University reserves the right to notify a parent or legal guardian about the student’s disciplinary status, consistent with the provisions of the Family Education Rights and Privacy Act (FERPA).

### POSSIBLE EFFECTS OF SUBSTANCE ABUSE

Substance	Possible Effects
Alcohol	Toxic Psychosis, Neurological and Liver Damage, Fetal Alcohol Syndrome
Marijuana	Bronchitis, Conjunctivitis, Possible Birth Defects, Lung Cancer
Amphetamines	Loss of Appetite, Delusions, Hallucinations, Toxic Psychosis
Non-Prescription Stimulants	Hypertension, Stroke, Heart Problems
Cocaine	Loss of Appetite, Depression, Convulsions, Nasal Passage Injury, Heart Attack, Stroke, Seizure, Respiratory Failure
Cocaine Free Base	Weight Loss, Depression, Hypertension, Hallucinations, Psychosis, Chronic Cough
Barbiturates	Severe Withdrawal Symptoms, Possible Convulsions, Toxic Psychosis
Methaqualone	Coma, Convulsions, Delirium
Analogs of Synthetic Narcotics	Addiction, Constipation, Loss of Appetite
Heroin	Addiction, Constipation, Loss of Appetite
Fentanyl/Carfentanil	Slowed respiration, reduced blood pressure, nausea, fainting, seizures, death
Morphine	Addiction, Constipation, Loss of Appetite, Respiratory Depression
Codeine Oxycodone Meperidine Methadone Inhalants	Impaired Perception, Coordination, Judgment Toxicity from Solvent, Impurities
Nitrous Oxide	Kidney or Liver Damage, Peripheral Neuropathy, Spontaneous Abortion, Heart & Brain Damage
LSD	May Intensify Existing Psychosis, Panic Reactions, Depression, "Flashbacks"
Mescaline	Milder than LSD, "Flashbacks",

	Anxiety, Depression
MDA, MDE, MDMA, MMDA	Neurotoxic
Psilocybin	Milder than LSD
PCP	Psychotic Behavior, Violent Acts, Psychosis
Tobacco	Loss of Appetite, Addictive, Lung Cancer, Effects on Fetus, Heart and Blood Vessel damage, Stroke

## PHYSICAL SIGNS OF DRUG ABUSE

<u>SUBSTANCE *</u>	<u>PHYSICAL SIGNS OF USE / ASSOCIATED PARAPHERNALIA **</u>	<u>BEHAVIORAL SIGNS OF USE **</u>
Anabolic Steroids	Enlargement of muscle masses, weight gain, fluid retention, high blood pressure, atherosclerosis, increased plasma lipids, shrunken testes, liver disease, stroke, enlarged heart, heart attack, death. Needles, syringes.	Stimulation, aggressive behavior, increased energy.
Cannabis Marijuana, hashish, (pot, dope, reefer, sinsemilla)	Bloodshot eyes, persistent cough or respiratory infection, increased appetite. Strong odor of burning rope or plant material, rolling papers, pipes, "roach clips", water pipers. Eye drops for clearing up bloodshot eyes.	Impaired concentration and short-term memory, uncontrollable laughter, apathy, sleepiness despite adequate rest, anxiety.
Stimulants Amphetamines (speed, white cross, black beauties)	Dilated pupils, rapid breathing, decrease in appetite, weight loss, excessive talking, insomnia, hyperactivity.	Inexplicable mood swings (elation to depression), nervousness, auditory hallucinations and paranoid thinking after heavy use.
Cocaine (coke, toot, blow, nose, crack)	Nasal irritation, running or bleeding nose, dilated pupils,	Rapid mood swings (elation to depression and

	rapid respiration, hyperactivity. Razor blades, small mirrors, straws, screens for pulverizing cocaine crystals.	back to elation within one hour), lack of money due to high cost of drug.
Depressants	Slurred speech, lack of coordination, shallow and slow breathing, alcohol-like intoxication.	"Drunken" behavior, possibly including aggressiveness and belligerence, frequent auto accidents or other physical mishaps.
Alcohol		
Sedative-Hypnotics/ tranquilizers		
Narcotics Opiates and other prescription painkillers, heroin, dilaudid, Percodan, oxycontin, fentanyl	Pinpoint pupils, shallow and slow breathing, sleepiness, needles, syringes and eye droppers if drug is administered by injection.	Euphoria, dreamy behavior. Difficulty concentrating.
Hallucinogens LSD and related substances (acid, blotter, window pane, microdot)	Dilated pupils, small squares of plastic or paper with imprinted designs, tattoos, and small colored tablets.	Hallucinations, confusion, disorientation, panic reactions, inappropriate laughing or crying.
Phencyclidine (PCP) (angel dust)	Increased blood pressure, lack of coordination, loss of sensitivity to pain, imprecise eye movements.	Withdrawal, confusion, disorientation, bizarre behavior, aggressiveness, hyperactivity alternation with stupor.
Inhalants Airplane model glue, toluene, gasoline and other petroleum products, deodorants and other aerosols, typewriter fluid	Nasal irritation, rapid or erratic pulse, lack of coordination, headache, and rags saturated with substance in question. Plastic bags, possession of containers of solvents for no apparent reason.	Confusion, "drunken" behavior, hallucinations, aggressiveness, hyperactivity.

\* Many substances listed are available only in adulterated form through illegal channels. Up to 70% of drugs used by substance abusers are misrepresented in some way. Example: drugs sold as "speed" are represented as amphetamines, but often contain caffeine, phenylpropanolamine (PPA) or ephedrine.

\*\* Although these symptoms may be indicative of drug use, many of the physical and behavioral signs can be associated with physical or mental illness, adolescence or the aging process. Be careful and thorough in investigating drug abuse. Get professional

help.

## **SYMPTOMS AND PROGRESSION OF ALCOHOLISM**

It is estimated that for every ten people who drink alcohol, one will become an alcoholic. Studies also show that for every person suffering from alcoholism, there are at least four other people, including spouses, children, and parents, who are seriously affected by that alcoholism. If you consider that it typically takes an individual suffering from alcoholism seven to ten years to recognize the problem (if it is recognized at all) and to seek help, you can begin to understand the profound influence alcohol abuse has on our society, the family, and the health of our nation. Why does it take so long? Why is alcoholism so difficult to recognize?

Denial is one of the primary symptoms of alcoholism, making the individual and oftentimes the family incapable of recognizing the problem and seeking appropriate treatment. Ignorance is another important factor. Alcoholism is one of the most misunderstood and misdiagnosed diseases. How do we recognize alcoholism, particularly in its early stages? One of the most useful definitions of alcoholism is: If drinking is creating problems, it is one.

Alcoholism is a chronic, progressive disease with predictable, identifiable symptoms which, if not treated, can be fatal. Here is a list of some primary symptoms of alcoholism, placed in the order in which they generally occur. One need not be experiencing all of these symptoms or in the order listed to be suffering from alcoholism.

Increase in Tolerance	Being able to out-drink your peers is not something to be proud of, but to be concerned about.
Preoccupation	Looking forward to drinking after work or on the weekend. Planning your social activities around alcohol.
Blackouts	Occasional memory lapses while drinking or an alcohol-induced state of amnesia.
Sneaking Drinks, Gulping Drinks	
Loss of Control	Unplanned drinking episodes or inability to realistically predict what will happen once you take the first drink.
Alibis	Having to explain why you drank or make excuses for your drinking.
Change in Drinking Patterns and Attempts to Control Promises and	

Resolutions Repeatedly Fail  
 Family Problems, Financial  
 Problems,

Going on the Wagon      Some people quit drinking for a period of time in an attempt to control their drinking or prove to themselves that they are not physically addicted to alcohol, failing to realize that one need not drink every day in order to have a drinking problem.

Increasing Blackouts

Geographic Escape      Changing jobs, moving to a different city or state to get a "new start."

Impaired Thinking, Loss of Job,  
 Decrease in Tolerance, Drinking in  
 the Morning

Physical Deterioration      Liver, heart, stomach, brain damage.

Indefinable Fears

Abandonment      "I don't care."

## FEDERAL PENALTIES AND SANCTIONS FOR ILLEGAL POSSESSION OF A CONTROLLED SUBSTANCE

### 21 U.S.C. 844(a)

1st conviction: Up to 1 year imprisonment and fined at least \$1,000 but not more than \$100,000, or both.

After 1 prior drug conviction: At least 15 days in prison, not to exceed 2 years and fined at least \$2,500 but not more than \$250,000, or both.

After 2 or more prior drug convictions: At least 90 days in prison, not to exceed 3 years and fined at least \$5,000 but not more than \$250,000, or both.

Special sentencing provisions for possession of crack cocaine: Mandatory at least 5 years in prison, not to exceed 20 years and fined up to \$250,000, or both, if:

- (a) 1st conviction and the amount of crack possessed exceeds 5 grams.
- (b) 2nd crack conviction and the amount of crack possessed exceeds 3 grams.
- (c) 3rd or subsequent crack conviction and the amount of crack possessed exceeds 1 gram.

**21 U.S.C. 853(a)(2) and 881(a)(7)**

Forfeiture of personal and real property used to possess or to facilitate possession of a controlled substance if that offense is punishable by more than 1 year imprisonment. (See special sentencing provisions re: crack.)

**21 U.S.C. 881(a)(4)**

Forfeiture of vehicles, boats, aircraft or any other conveyance used to transport or conceal a controlled substance.

**21 U.S.C. 844a**

Civil fine of up to \$10,000 (pending adoption of final regulations).

**21 U.S.C. 853a**

Denial of Federal benefits, such as student loans, grants, contracts, and professional and commercial licenses, up to 1 year for first offense, up to 5 years for second and subsequent offenses.

**18 U.S.C. 922(g)**

Ineligible to receive or purchase a firearm.

**Miscellaneous**

Revocation of certain Federal licenses and benefits, e.g. pilot licenses, public housing tenancy, etc., are vested within the authorities of individual Federal agencies.

**STATE PENALTIES AND SANCTIONS FOR ILLEGAL POSSESSION OF A CONTROLLED SUBSTANCE**

The Controlled Substance, Drug, Device and Cosmetic Act, 35 P.S. § 780-101 et seq. sets up 5 schedules of controlled substances based on potential for abuse, dangerousness and medical uses. The Act prohibits, among other things, the manufacture, distribution, sale or acquisition by misrepresentation or forgery of controlled substances except in accordance with the Act, as well as the knowing possession of controlled substances unlawfully acquired. Penalties for first-time violators of the Act range from 30 days imprisonment, a \$500 fine or both for possession or distribution of a small amount of marijuana or hashish not for sale, to 15 years imprisonment or a \$250,000 fine or both for the manufacture or delivery of a Schedule I or II narcotic.

Fines and terms of imprisonment may be doubled under certain circumstances, including the distribution of a controlled substance to a person under 18 years of age or a conviction for a second or subsequent offense.

**18 Pa. C.S. 6317 Drug-free school zones:** If the delivery or possession with the intent to deliver a controlled substance is committed within 1,000 feet of the real property on which is located a public, private or parochial school or a college or

university or within 250 feet of the real property on which is located a recreation center or playground or on a school bus (“drug free school zones”), the person shall be sentenced to an additional minimum sentence of at least 2 years total confinement. Such offenses not involving minors in drug free school zones are subject to a mandatory minimum of two years of total confinement.

The Pharmacy Act of 1961, 63 P.S. 390-8 prohibits, among other things, procuring or attempting to procure drugs by fraud, deceit, misrepresentation or subterfuge or by forgery or alteration of a prescription. The first offense is a misdemeanor, with a maximum penalty of one year's imprisonment, a \$5,000 fine, or both. For each subsequent offense, the maximum penalty is three years imprisonment, a \$15,000 fine, or both.

75 Pa. C.S. 3802 Driving under the influence of alcohol or controlled substance prohibits driving, operating or being in actual physical control of the movement of a vehicle while under the influence of alcohol or a controlled substance, or both, if the driver is thereby rendered incapable of safely driving, operating or being in actual physical control of the movement of the vehicle or if the alcohol concentration in the individual's blood or breath exceeds the stated limits. Penalties for first-time violators of the Act range from a mandatory term of six months' probation, a \$300 fine or both to a maximum of 72 hours imprisonment, a \$5,000 fine or both. Penalties for subsequent violations increase to a maximum of not less than one year imprisonment, a \$10,000 fine or both. In addition to the above penalties, the court has discretion to order any or all of the following: highway safety training, drug or alcohol treatment, community service, attendance at a victim impact panel, use of an ignition interlock device and/or suspension of operating privileges.

## **STATE PENALTIES AND SANCTIONS FOR UNLAWFUL USE OF ALCOHOL**

18 Pa. C.S. 6308 Purchase, consumption, possession or transportation of liquor or malt or brewed beverages (Underage drinking): It is a summary offense if a person less than 21 years of age attempts to purchase, purchases, consumes, possesses or knowingly and intentionally transports any liquor or malt or brewed beverage. Note: A subsection creates immunity from prosecution if law enforcement, became aware of the possession or consumption solely because the individual was seeking medical assistance for someone else. Penalties include fines up to \$1000.00, and restrictions on operating (driving) privileges.

18 Pa. C.S. 6307 Misrepresentation of age to secure liquor or malt or brewed beverages: Penalties include fines up to \$500, and a restriction on operating (driving) privileges.

18 Pa. C.S. 6309 Representing that minor is of age: Penalties include fines of not less than \$300 and up to one year in prison.

18 Pa. C.S. 6310 Inducement of minors to buy liquor or malt or brewed beverages: Penalties include fines of not less than \$300 and up to one year in prison.

18 Pa. C.S. 6310.1 Selling or furnishing liquor or malt or brewed beverages to minor: Penalties include fines of not less than \$1,000 and up to one year in prison.

18 Pa. C.S. 6310.2 Manufacture or sale of false identification card: Penalties include fines of not less than \$1,000 and up to two years in prison.

18 Pa. C.S. 6310.3 Carrying a false identification card: Penalties include fines up to \$500 and a restriction on operating (driving) privileges.

75 PA C.S. 3802 Driving under the influence of alcohol or controlled substance: Penalties range from probation and a \$300 fine to a prison term of 2 years and a fine of not less than \$2500 depending on the seriousness of the offense and if it is a subsequent offense.

75 PA C.S. 3809 Restriction on alcoholic beverages: An individual who is an operator or an occupant in a motor vehicle may not be in possession of an open alcoholic beverage container or consume a controlled substance as defined in the act of April 14, 1972 (P.L. 233, No. 64), known as The Controlled Substance, Drug, Device and Cosmetic Act, or an alcoholic beverage in a motor vehicle while the motor vehicle is located on a highway in this Commonwealth. This is a summary offense subject to a fine.
