CELEBRATING PHILANTHROPY

IMMACULATA
UNIVERSITY

HONOR ROLL OF DONORS

July 1, 2022–June 30, 2023

A Publication From Institutional Advancement

DEAR ALUMNI & FRIENDS OF IMMACULATA,

I am pleased to say Immaculata University is flourishing because of the generosity of our alumni and donors.

Although attending college seems ubiquitous in American life, many potential students decide to forgo college for a variety of reasons—cost is undoubtedly one of the main considerations. By investing in Immaculata, you are providing financial support for scholarships, academic programs, equipment and renovations to classrooms for students who wish to earn a degree at Immaculata. Most importantly, you are providing the gift of knowledge, and as the old saying goes, knowledge is power.

This issue of the Honor Roll of Donors is devoted to recognizing the many dedicated alumni and friends who have supported our students in their educational journeys. You can read about long-time Immaculata dedicated employees, Tim and Anne McCarthy, who quietly helped pay tuition for multiple students each year. Inspired by their generous spirit, the McCarthys' nephews started a scholarship to honor them.

The direct beneficiaries of your financial support are, of course, the students. Their stories and video testimonials bear witness to the impact that your donations have on their lives. It is inspiring to hear students' post-graduation plans and dreams. You can view their stories via the QR codes provided.

Your generous donations have also allowed us to continue making campus improvements. This past year we dedicated the Applied Technology Lab, the Business Lab, and the Parsons Science Pavilion, all of which are preparing our students for in-demand careers.

We are all most grateful to you for supporting our students and the campus community. Your donations empower our students with knowledge. An investment in Immaculata is an investment in their futures.

Sincerely,

A handwritten signature in black ink that reads "Barbara Lettiere". The signature is fluid and cursive, written in a professional style.

An Immaculata Overview

MISSION STATEMENT

Immaculata University, a Catholic academic community, founded and sponsored by the Sisters, Servants of the Immaculate Heart of Mary, is committed to scholarship, formation of the whole person for leadership and service, and empowerment of all to seek truth, promote justice and engage in dialogue between faith and culture.

COLLEGE OF UNDERGRADUATE STUDIES

The College of Undergraduate Studies (CUS) serves traditional and nontraditional undergraduate students engaged in both full- and part-time studies. With 60+ undergraduate programs, CUS provides attainable education, personal support and meaningful career pathways to tomorrow's leaders who are focused on intellectual, personal, professional and spiritual growth.

COLLEGE OF NURSING AND HEALTH PROFESSIONS

Launched in the fall of 2023, Immaculata University's College of Nursing and Health Professions (CNHP) provides focused experiential learning to today's outcome-oriented, cost-conscious students. CNHP supports students interested in careers within the health care industry and houses graduate and undergraduate programs in nursing, health care management, exercise science, athletic training, allied health fields and nutrition.

COLLEGE OF GRADUATE STUDIES AND RESEARCH

The College of Graduate Studies and Research (CGSR) offers several highly respected master's and doctoral programs in education, management, nursing, music therapy, nutrition and psychology. With a faculty of scholar-practitioners and strong relationships with area businesses, hospitals and school districts, Immaculata's graduate programs are synonymous with excellence and professionalism.

Because I come from a big family and three of us are in college, it's really been helpful for all of us, not just me but my whole family, to not have to worry about financial difficulties. I can't express in words how grateful I am. Immaculata has a community that not everyone offers, especially with the Catholic aspect; you don't have to be of faith to feel how loving this campus is. I'm very thankful to the Immaculata donors who have made my Immaculata experience possible.

Quiet Generosity, ENDURING IMPACT

Tim and Anne McCarthy, long-time Immaculata employees, lived simply and gave generously to help untold numbers of students get a Catholic education. Tim was a groundskeeper at Immaculata in the 1960s and early 1970s, and Anne worked in the treasurer's office from 1955 to 1985. When Anne saw students' unpaid balances, she and Tim quietly paid them off, allowing the students to graduate.

"They didn't talk a lot about it," remembered Bill and Bob Saum, the McCarthys' grandnephews. But the McCarthys probably helped "multiple students per year, I would say," Bill speculated.

Bill and Bob's mother, Anna Mae Volk Saum '54, attended Immaculata thanks to support from her Aunt Anne and Uncle Tim. It was "an opportunity she would not otherwise have been able to afford," Bob said. "Our mother's family was not well to do at all," but Catholic education was important enough to the McCarthys that they paid their niece's tuition.

The McCarthys were not wealthy but frugal, almost ascetic in their lifestyle. Their house was tiny. The Immaculata College newsletter said of them, "A couple whose Christian concern for others knew no bounds, Tim and Anne, who never had children of their own, reached out to care for the children of others." Bill remembers them as fulfilled, content people. "They found their calling in being able to support people," he said.

Anna Mae Volk majored in history and education and spent her career teaching in Catholic schools, first in New Jersey, where she taught the son of legendary NFL coach Vince Lombardi and had parent-

teacher conferences with him when he was the assistant coach for the New York Giants. Then she moved to Ohio, where she taught religion and history at the local parish grade school. She later served as the school's librarian and went on to become the principal for 10 years.

Anna was proud of her Immaculata education, her sons said. She displayed her Carol Night lantern in their living room. She spoke of the noble hill often, finding ways to weave it into conversation, even though few Ohioans knew of it.

Anna and her husband, Bill Henry Saum, had three boys and saved some money to send them to college. Bill Stewart Saum, the oldest son, expected to attend a state institution. But Tim and Anne offered his parents the funds to send him to a Catholic institution, University of Dayton, which his parents would not have been able to afford.

"Every Christmas, I sent my grades and a thank you note to Aunt Anne and Uncle Tim," Bill said. Bob and Brad, the other Saum boys, also went to University of Dayton, thanks to the McCarthys.

"They impacted generations of students," Bob said, recounting how his parents saved a small monthly sum for college when their grandchildren were born. When a great-grandson was born, the family created a college fund for him—the fifth generation.

"The Anne and Tim McCarthy Memorial Endowed Scholarship continues their good efforts in a small way at Immaculata," said Bob. He and his brother Bill, together with members of the Immaculata community, established the scholarship in 1986, soon after Tim and Anne passed away. The college newsletter that year announced the scholarship as "an effort to perpetuate the spirit that characterized Anne and Tim...to assist needy students in the ways Anne and Tim did quietly over the years."

The scholarship pays for books for students with high academic achievement and financial need. Mary Santoso '25, a music therapy major, received the scholarship last year. "It helped me ease the financial burden off my mother, and it helped me focus on schoolwork instead of constantly working to pay off my tuition," she said.

"Tim and Anne changed the trajectory of a family's education and Lord knows how many other families," the younger Bill commented. Imagine how many students they helped, how many can say along with Bill, "Tim and Anne McCarthy changed my life."

“Receiving a scholarship has allowed me not to have to worry too much about the financials when it comes to school, and it’s also given me the opportunity to just focus strictly on my academics and what I’m doing in the classroom. I’m grateful and blessed to have part of my education paid for. My goal is to give back to my community in a similar way that I received, in gratitude for all the opportunities that I have. I am thankful for all the things I have learned at Immaculata, and the man it has made me today.”

Your financial support has a much greater impact on Immaculata University than you think!

Alumni, parents and friends of Immaculata have the power to make a vital and lasting impact on the University. Your support is an essential resource enabling us to provide an extraordinary educational experience for students, and alumni participation in The Immaculata Fund plays a significant role in many areas.

WHAT IS ALUMNI PARTICIPATION?

Alumni participation is the percentage of alumni who give back in the form of a financial donation to their alma mater. Each year Immaculata University strives to reach a minimum of 6.5% participation from our alums, and quite honestly, this can be a challenge. We are fortunate to have the support of dedicated class agents and the Alumni Board of Governors who create awareness of the need for alumni participation.

We often hear alums share how their time at Immaculata University played a significant role in their lives and how much the University means to them. IU is a wonderful place, where memories are made, knowledge is imparted and personal growth becomes a reality. This is all made possible through the generous support of our donors who provide the financial aid, tools and facilities to inspire success every day. *We need the assistance of **all alumni** to reach our fundraising goals of **\$1,125,000** for The Immaculata Fund and **\$3M** overall for fiscal year 2023–24, and we encourage you to make a gift of any amount today!*

DEAR MEMBERS OF THE IMMACULATA UNIVERSITY COMMUNITY,

We are truly grateful for the generosity of Immaculata University donors throughout fiscal year 2022–23 (July 1, 2022–June 30, 2023) who collectively donated \$1.057M to The Immaculata Fund. Together with the restricted donations and contributions to the Endowment, **FY 22–23 donations raised \$2.1M!**

With more than 98% of traditional IU students receiving some form of financial aid, *gifts to Immaculata University inspire success* by ensuring access to education and providing enhanced learning environments. These tools result in positive outcomes, the greatest indicator of success in our students' educational journeys.

I am inspired by you when provided the opportunity to talk at various alumni events. Listening to career details and personal achievements and seeing the goodwill of those consciously giving back to Immaculata is the embodiment of Immaculata's commitment in formation of the whole person.

And it is through your membership in the Maxis, Loyola, Legacy, Heritage and 1920 societies that you uphold the vision of our IHM Sisters, ensuring students will discover their calling and go on to build a life of meaning and purpose. *Your generosity inspires students* such as Bridget McDonough '23 (featured on page 15) who made her first donation to IU in appreciation of the financial support that made her education possible.

As you read through this publication you will see the names of those who understand how important philanthropic support and engagement is to Immaculata University. Your continued support, coupled with that of new donors, will be vital for fiscal year 2023–24, as we have an unrestricted goal of raising **\$1.125M** for student scholarships and innovative emerging priorities and an overall goal of **\$3M**.

On behalf of Immaculata University's students, faculty and staff, we extend our deepest gratitude to those who have loyally supported Immaculata. *We hope your support will inspire all alumni* to demonstrate through giving why their time at Immaculata was important to their learning and life!

Gratefully,

Susan W. Arnold

My parents were not able to have the opportunity to get a college education, so they always really stressed that importance with myself and my siblings. My scholarship afforded me the opportunity to lessen the burden on both me and my family. Your generosity reaches so much further than what meets the eye – it doesn't just help put new buildings up on campus, it doesn't help just the cost of one singular class, it really helps shape the individuals that choose to come to Immaculata because of the financial security that it provides them. I would not be the same person I am today without my scholarship and my experiences here at Immaculata.
