

Immaculata University- Psychology Internship Consortium (IU-PIC)

Affiliated Training Site: Brief Descriptions

Introduction

Welcome, and thanks for your interest in our training program!

The Immaculata University Psychology Internship Consortium (IU-PIC) is a partially affiliated APA-Accredited internship that provides a 2080-hour professional doctoral internship (including holidays and allotted PTO) to Psy.D. and Ph.D. students in Clinical and Counseling Psychology Doctoral Programs.

The IU-PIC provides broad exposure to differing clinical populations and treatment modalities. It was established to provide organized, sequential learning experiences for Psychology Interns, ensuring an integrated training experience through shared standards, common procedures, and joint didactic learning programs.

The IU-PIC is organized and monitored by the Immaculata University Department of Psychology and Counseling. It is a cooperative training program, which includes many agencies and organizations across the area, primarily within commuting distance to Immaculata.

Please see brief descriptions of our affiliated training sites below. For additional information, we invite you to review our brochure linked to our APPIC Directory listing.

Kristen Ulbrich Psy.D.

Executive Training Director

Kelly Richardson, M.S.
